Alexandra Primary School recognises that there are many other types of inappropriate student behaviours that do not meet the definition of bullying which are also unacceptable at our school. These other inappropriate behaviours will be managed in accordance with our Student Wellbeing and Engagement Policy and Inclusion and Diversity policy.

This policy applies to all school activities, including camps and excursions.

POLICY

Definitions

Bullying

Alexandra Primary School

In 2018 the Education Council of the Council of Australian Governments endorsed the following definition of bullying for use by all Australian schools:

Bullying is an ongoing and deliberate misuse of power in relationships through repeated verbal, physical and/or social behaviour that intends to cause physical, social and/or psychological harm. It can involve an individual or a group misusing their power, or perceived power, over one or more persons who feel unable to stop it from happening.

Bullying can happen in person or online, via various digital platforms and devices and it can be obvious (overt) or hidden (covert). Bullying behaviour is repeated, or has the potential to be repeated, over time (for example, through sharing of digital records)

Bullying of any form or for any reason can have immediate, medium and long-term effects on those involved, including bystanders. Single incidents and conflict or fights between equals, whether in person or online, are not defined as bullying.

Bullying has three main features:

- It involves a misuse of power in a relationship
- It is ongoing and repeated, and
- It involves behaviours that can cause harm.

Bullying can be:

1. *direct* physical bullying – e.g. hitting, tripping, and pushing or damaging property.
2. *direct* verbal bullying – e.g. name calling, insults, homophobic or racist remarks, verbal abuse.
3. *indirect* bullying – e.g. spreading rumours, playing nasty jokes to embarrass and humiliate, mimicking, encouraging others to socially exclude a person and/or damaging a person's social reputation or social acceptance.

Cyberbullying is direct or indirect bullying behaviours using digital technology. For example via a mobile device, computers, chat rooms, email, social media, etc. It can be verbal, written and include images, video and/or audio.

Other distressing and inappropriate behaviours

Many distressing and inappropriate behaviours may not constitute bullying even though they are unpleasant. Students who are involved in or who witness any distressing and inappropriate behaviours should report their concerns to school staff and our school will follow the Student Wellbeing and Engagement Policy.

Mutual conflict involves an argument or disagreement between people with no imbalance of power. In incidents of mutual conflict, generally, both parties are upset and usually both want a resolution to the issue. Unresolved mutual conflict can develop into bullying if one of the parties targets the other repeatedly in retaliation.

Social rejection or dislike is not bullying unless it involves deliberate and repeated attempts to cause distress, exclude or create dislike by others.

Alexandra Primary School

Single-episode acts of nastiness or physical aggression are not the same as bullying. However, single episodes of nastiness or physical aggression are not acceptable behaviours at our school and may have serious consequences for students engaging in this behaviour. Alexandra Primary School will use its Student Wellbeing and Engagement Policy to guide a response to single episodes of nastiness or physical aggression.

Harassment is language or actions that are demeaning, offensive or intimidating to a person. It can take many forms, including sexual harassment and disability harassment. Further information about these two forms of harassment, including definitions, is set out in our Inclusion and Diversity Policy. Harassment of any kind will not be tolerated at Alexandra Primary School and may have serious consequences for students engaging in this behaviour. Alexandra Primary School will use its Student Wellbeing and Engagement Policy to guide a response to students demonstrating harassing behaviour, unless the behaviour also constitutes bullying, in which case the behaviour will be managed in accordance with this Bullying Prevention Policy.

Bullying Prevention

Alexandra Primary School has a number of programs and strategies in place to build a positive and inclusive school culture. We strive to foster a school culture that prevents bullying behaviour by modelling and encouraging behaviour that demonstrates acceptance, kindness and respect.

Bullying prevention at Alexandra Primary School is proactive and is supported by research that indicates that a whole school, multifaceted approach is the most effect way to prevent and address bullying. At our school:

- We have a positive school environment that provides safety, security and support for students and promotes positive relationships and wellbeing.
- We strive to build strong partnerships between the school, families and the broader community that means all members work together to ensure the safety of students.
- Teachers are encouraged to incorporate classroom management strategies that discourage bullying and promote positive behaviour.
- In the classroom, our social and emotional learning curriculum teaches students what constitutes bullying and how to respond to bullying behaviour assertively. This promotes resilience, assertiveness, conflict resolution and problem solving.
- The Peer Support Program encourages positive relationships between students in different year levels. We seek to empower students to be good friends and solve relationship issues in a positive and skilled manner.
- Restorative Justice is aimed at repairing harm, promoting accountability and developing independence. Restorative practices include the development of strategies to restore positive relationships and solve interpersonal issues. These strategies include problem-solving conversations that help separating the behaviour from the person. Restorative Justice practices give everyone involved a voice, returning power to those who have been the victim.
- The Buddy Program encourages relationships between younger and older students. This research based practice supports student connections, promotes empathy and care and gives younger students an anchor in the playground.

Alexandra Primary School

- Students are encouraged to look out for each other and to talk to teachers and older peers about any bullying they have experienced or witnessed.

For further information about our engagement and wellbeing initiatives, please see our Student Wellbeing and Engagement policy.

Incident Response

Reporting concerns to Alexandra Primary School

Bullying complaints will be taken seriously and responded to sensitively at our school.

Students who may be experiencing bullying behaviour, or students who have witnessed bullying behaviour, are encouraged to report their concerns to school staff as soon as possible.

Our ability to effectively reduce and eliminate bullying behaviour is greatly affected by students and/or parents and carers reporting concerning behaviour as soon as possible, so that the responses implemented by Alexandra Primary School are timely and appropriate in the circumstances.

We encourage students to speak to their teacher. However, students are welcome to discuss their concerns with any trusted member of staff including teachers, education support staff and office staff.

Parents or carers who develop concerns that their child is involved in, or has witnessed bullying behaviour at Alexandra Primary School should first contact their teacher. If you are still concerned, you may wish to contact the Principal Vicky Draper on 03 5772 1006 or by email at Alexandra.ps@education.vic.gov.au.

Investigations

When notified of alleged bullying behaviour, school staff are required to:

1. record the details of the allegations in Sentral and
2. inform the principal and any other relevant people i.e other classroom teachers.

The classroom teacher and Principal are responsible for investigating allegations of bullying in a timely and sensitive manner. To appropriately investigate an allegation of bullying, the teacher or Principal may:

Alexandra Primary School

The objective of completing a thorough investigation into the circumstances of alleged bullying behaviour is to determine the nature of the conduct and the students involved. A thorough understanding of the alleged bullying will inform staff about how to most effectively implement an appropriate response to that behaviour.

Serious bullying, including serious cyberbullying, is a criminal offence and may be referred to Victoria Police. For more information, see: [Brodie's Law](#).

Responses to bullying behaviours

When Principal has sufficient information to understand the circumstances of the alleged bullying and the students involved, a number of strategies may be implemented to address the behaviour and support affected students in consultation with all relevant parties.

There are a number of factors that will be considered when determining the most appropriate response to the behaviour. When making a decision about how to respond to bullying behaviour, Alexandra Primary School will consider:

- the age and maturity of the students involved
- the severity and frequency of the bullying, and the impact it has had on the target student
- whether the student/s engaging in bullying behaviour have displayed similar behaviour before
- whether the bullying took place in a group or one-to-one context
- whether the students engaging in bullying behaviour demonstrates insight or remorse for their behaviour
- the alleged motive of the behaviour, including any element of provocation.

The Principal may implement all, or some of the following responses to bullying behaviours:

- Offer counselling support to the target student or students, including referral to the Student Services Support Officer (SSSO).
- Offer counselling support to the students engaging in bullying behaviour, including referral to the SSSO.
- Offer counselling support to affected students, including witnesses and/or friends of the target student, including referral to the SSSO.
- Facilitate a Restorative Justice meeting with all or some of the students involved.
- Facilitate a mediation between some or all of the students involved to help to encourage students to take responsibility for their behaviour and explore underlying reasons for conflict or grievance. Mediation is only suitable if all students are involved voluntarily and demonstrate a willingness to engage in the mediation process.
- Facilitate a process using the Support Group Method, involving the target student(s), the students engaging in bullying behaviour and a group of students who are likely to be supportive of the target(s).
- Implement a Method of Shared Concern process with all students involved in the bullying.
- Facilitate a Student Support Group meeting and/or Behaviour Support Plan for affected students.
- Prepare an Individual Management Plan restricting contact between target and students engaging in bullying behaviour.

Alexandra Primary School

- Provide discussion and/or mentoring for different social and emotional learning competencies of the students involved, including connect affected students with an older Student Mentor.
- Monitor the behaviour of the students involved for an appropriate time and take follow up action if necessary.
- Implement disciplinary consequences for the students engaging in bullying behaviour, which may include removal of privileges, detention, suspension and/or expulsion consistent with our Student Wellbeing and Engagement policy, the Ministerial Order on Suspensions and Expulsions and any other relevant Department policy.

Alexandra Primary School understands the importance of monitoring and following up on the progress of students who have been involved in or affected by bullying behaviour. Where appropriate, school staff will also endeavour to provide parents and carers with updates on the management of bullying incidents.

The Principal is responsible for maintaining up to date records of the investigation of and responses to bullying behaviour.
